Bridging Horizons Community Service Contest

Option A: Tabletop Demo

Description: Create a 1/16-scale assistive technology (AT) tabletop demo for AgrAbility PA staff to display at outreach events such as Penn State’s Ag Progress Days. Models should demonstrate a piece of assistive technology or a modification frequently used by AgrAbility PA clients. Models should clearly depict the assistive technology and should include a poster describing the model.

For a project idea to qualify, it must meet the following criteria:

- Clearly demonstrates one or more types of assistive technology
- All equipment and modifications include proper safety precautions (e.g. ROPS on the tractor used)
- A well-designed “eye-catching” poster with information about the AT demo including information about the piece of assistive technology, its use on a farm, what types of disabilities it addresses, tips, safety info, and pictures of full scale examples.
- Easy to transport
- *Chapter name can be included on tabletop displays.*

	Exemplary	Comments	%
Tabletop Demo 50%	<p>Is the tabletop demo helpful in demonstrating a piece of assistive technology or a modification frequently used by AgrAbility PA clients?</p> <p>Does the demo or model clearly depict the assistive technology?</p> <p>Is a poster included describing the demo?</p>		
Poster 25%	<p>Does the poster effectively explain the tabletop demo and clearly highlight the assistive technology or modification being used?</p> <p>Is it neat and well done? Are there photos or other visual elements included to enhance the poster?</p> <p>Does the content on the poster use person first language? <i>(Person First Language: to tell what a person HAS, not what a person IS; Example: a person with autism)</i></p> <p>Is proper credit given to groups or individuals involved?</p>		
Safety & Accessibility 10%	<p>Were safety considerations or accessibility concerns addressed by the demo? <i>Provide description.</i></p>		
Completeness of Project 10%	<p>Was the project completed in the time and under the conditions set out by the group or individual? <i>Provide explanation of concept, design, and overall process.</i></p>		
Timeliness of Entry 5%	<p>Was the entry sent to AgrAbility PA by March 21, 2017?</p>
